

Paul's presentations contain HD video and sound. Paul's requirements are:

1. Bright projector (Paul will bring his own HDMI and VGA hook-ups for a MacBook Air)
2. Projector system appropriately sized for room
3. Audio system that will connect to a standard 3 mm audio plug (connects to MacBook Air) or audio that connects via HDMI cable
4. Power bar with at least 3 vacant sockets for plugging-in
5. A small table for notes and laptop computer
6. Headset (preferred) or lavalier microphone
7. A glass of water
